

KIN by **TOTEM** 

 **KIN**Force kinbytotem.totemacoustic.com

The artistic vision of the interior designer and the fire of the passionate music lover coalesce in the KIN Force. It possesses the stylish form to match the slim dimensions of today's big screens and Totem's surreal imaging that connects you to the action.

Discover the KIN Force, the latest audio solution by Totem.

Whether mounted above or below the TV or perched upon furniture, KIN Force will project Totem's enormous and holographic soundstage. Add the KIN Sub10 and marvel at how a system so discreet can sound so big.

At 47 ¼" / 120 cm wide, KIN Force is perfectly proportioned for 55" screens and larger. Its remarkably shallow depth of only 3 ½" / 9cm makes KIN Force comparable to the mounted depth of most TVs.

KIN Force plentifully packs proprietary Totem technology into its lean cabinet. Each of the three channels features a pair of our renowned 4" MHEX woofers, composed of multiple layers of phenolic honeycomb and woven synthetics, to develop powerful bass that defy the slender enclosure.

Specifications / Features
